

## **Final program**

(August 24<sup>th</sup> 2015)

### **Monday August 31<sup>st</sup>**

**08.00-08.45** Registration and coffee in the exhibition area

**08.45-09.15** Welcome and introduction

*Prof. P.I. Johansson and Dr. J. Stensballe*

**09.15-10.30** Session 1: Coagulopathy and critical bleedings

*Chairman: Prof. J.B. Holcomb*

*Prof. J.R. Hess*

*Coagulopathy in the emergency department (15 min)*

*Prof. R.P. Dutton*

*Coagulopathy in the operating room (15 min)*

*Prof. T. Lisman*

*Coagulopathy in the ICU and multiorgan failure (15 min)*

*Questions & Discussions*

#### *Case*

**10.30-11.30** Session 2: Red blood cell transfusions and patient outcome - What is new?

*Chairman: Prof. C.M. Samama*

*Dr. L.B. Holst*

*RBC transfusion in the critically ill - Implications of TRISS (15 min)*

*Prof. J.R. Hess*

*RBC storage age - What does the data tell us? (15 min)*

*Prof. P.I. Johansson*

*RBC storage and outcome - New data! (15 min)*

*Questions & Discussions*

**11.30-12.15** Lunch in the exhibition area

**12.15-12.45** Ask the experts - From the floor or free open access via

*Chairman: Dr. J. Stensballe*

[@iscb\\_2015](#)

[iscb2015](#)

*The panel of speakers will respond to questions – put forward your questions already now!*

*This session starts at 11.15 AM London time; 06.15 AM New York time; 20.15 Sidney time*

**12.45-14.30** Session 3: Haemostatic resuscitation - what is to drive the therapy?

*Chairman: Prof. R.P. Dutton*

*Prof. S.A. Tisherman*

*Emergency Preservation and Resuscitation (25 min)*

*Prof. J.B. Holcomb*

*The Houston Concept (15 min)*

*Prof. M. Maegele*

*The German-Austrian Concept (15 min)*

*Dr. J. Stensballe*

*The Copenhagen Concept (15 min)*

*Questions & Discussions & Case*

## **Final program**

(August 24<sup>th</sup> 2015)

### **Monday August 31<sup>st</sup> (cont)**

#### **14.30-15.30 Session 4: Antithrombotics and critical bleeding – Current and future challenges**

*Chairman: Dr. J. Stensballe*

*Prof. C.M. Samama                      Antidotes to NOACs - what's the status (15 min)*

*Prof. T. Lisman                         NOACs in hepatic failure - Is there a problem? (15 min)*

*Dr. S.R. Ostrowski                    NOACs - Treatment of bleeding (15 min)*

*Questions & Discussions*

#### **15.30-16.00                              Coffee in the exhibition area**

#### **16.00-16.30 Session 5: Breaking news from our main sponsor [Octapharma](#)**

*Chairman: Prof. P.I. Johansson*

*Dr. O. Hegener                         New developments in bleeding management – an industry perspective  
(20 min)*

*Questions & Discussions*

#### **16.30-18.00 Session 6: Ongoing and recently closed trials in critical bleeding!**

*Chairman: Prof. M. Maegele*

*Prof. J.B. Holcomb                      Ratio's in trauma - PROPPR trial - Clinical data (20 min)*

*Prof. C.E. Wade                      Ratio's in trauma - PROPPR trial - Laboratory data (15 min)*

*Dr. A.J. Wikkelsø                      Fibrinogen in postpartum haemorrhage - FIB-PPH trial (15 min)*

*Prof. R.P. Dutton                      What a large registry can tell us on about national transfusion practice-  
Data from the National Anesthesia Clinical Outcomes Registry (15 min)*

*Questions & Discussions*

*Case*

#### **19.30 Gala dinner at the [Odd Fellow Manor](#)**

## Final program

(August 24<sup>th</sup> 2015)

### Tuesday September 1<sup>st</sup>

#### 07.30-08.15 [Haemonetics](#) morning symposium

- Prof. P.I. Johansson      *TEG 6s the new viscoelastic platform*  
Dr. S. Agarwal            *A service evaluation of the new TEG 6s haemostasis device in 2 UK cardiac surgical centers*  
Prof. C.E. Wade        *Clinical Associations with TEG; Evaluation of the TEG 6s*

#### 08.30-10.00 Session 7: Trauma induced coagulopathy – News from the [FP7-TACTIC](#) research program

Chairman: Prof. P.I. Johansson

Targeted Action for Curing Trauma Induced Coagulopathy

- Prof. M. Maegele        *Current praxis and demographics (12 min)*  
Prof. K. Brohi            *Hot spots of coagulopathy (12 min)*  
Dr. S.R. Ostrowski      *Endotheliopathy (12 min)*  
Dr. N. Juffermans      *Viscoelastical Haemostatic algorithms in trauma (12 min)*  
Dr. T. Gaarder          *The TACTIC RCT (12 min)*

Questions & Discussions & [Case](#)

#### 10.00-10.30 Coffee in the exhibition area

#### 10.30-11.30 Session 8: Plasma and factor concentrates - What is new?

Chairman: Prof. K. Brohi

- Prof. M. Maegele        *Fibrinogen - What does the current evidence tell us (15 min)*  
Prof. J.B. Holcomb      *Plasma products - From liquid to lyophilized plasma and beyond (15 min)*  
Prof. J.R. Hess          *New factor concentrates on the way to the market (15 min)*

Questions & Discussions

#### 11.30-12.15 Lunch in the exhibition area

#### 12.15-12.45 Ask the experts – From the floor or free open access via

Chairman: Dr. J. Stensballe

The panel of speakers will respond to questions – put forward your questions already now!

*This session starts at 11.15 AM London time; 06.15 AM New York time; 20.15 Sidney time*

#### 12.45-13.05 Session 9: ISCB 2015 Oral presentation of best abstract

Chairmen: Dr. S.R. Ostrowski and prof. T. Lisman

- Dr. L. Mora                *Bleeding profile and transfusion requirements in adult spinal deformity surgery. Is preoperative fibrinogen concentration a good predictor?*

## **Final program**

(August 24<sup>th</sup> 2015)

### **Tuesday September 1<sup>st</sup> (cont)**

#### **13.05-14.30 Session 10. The future of haemostatic monitoring**

*Chairman: Prof. S.A. Tisherman*

<i>Prof. C.M. Samama</i>	<i>Monitoring of NOACs (15 min)</i>
<i>Dr. S. Sølbeck</i>	<i>TEG<sup>®</sup> monitoring of dabigatran - new data from Copenhagen (10 min)</i>
<i>Dr. S.R. Ostrowski</i>	<i>Viscoelastic haemostatic assays in sepsis (15 min)</i>
<i>Prof. P.I. Johansson</i>	<i>Next generation viscoelastic haemostatic assays and platelets function testing (15 min)</i>

*Questions & Discussions*

**Case**

#### **14.30-15.00 Coffee in the exhibition area**

#### **15.00-16.30 Session 11. Haemorrhagic shock – interventions and monitoring in the early phase of transport and onward**

*Chairman: Dr. J. Steinmetz*

<i>Prof. J.B. Holcomb</i>	<i>Resuscitation, clotting and more (15 min)</i>
<i>Prof. K. Brohi</i>	<i>Thoracotomy and REBOA - Is it worth it? (15 min)</i>
<i>Prof. R.P. Dutton</i>	<i>Haemodynamic monitoring of haemorrhagic shock – any news? (15 min)</i>

*Questions & Discussions*

**Case**

#### **16.30-17.10 Session 12. Hypothermia in critical illness**

*Chairman: Prof. J.B. Holcomb*

<i>Prof. S.A. Tisherman</i>	<i>The cellular effects of hypothermia (15 min)</i>
<i>Prof. A. Perner</i>	<i>When to implement hypothermia as a treatment in the ICU? (15 min)</i>

*Questions & Discussions*

#### **17.10-17.30 Session 13. Breaking news**

*Chairman: Prof. P.I. Johansson*

<i>Prof. J.B. Holcomb</i>	<i>Endpoints in hemostatic resuscitation trials (15 min)</i>
---------------------------	--

#### **17.30-17.35 Closing remarks by Prof. P.I. Johansson**
